

Blackbaud Checkout

With the July 2020 update, **Blackbaud Checkout** now provides additional and enhanced functionality. Before you begin to work with the updated **Blackbaud Checkout**, review these features and enhancements.

Test and Demo Modes in Blackbaud Checkout

When a merchant account is in Test mode, **Blackbaud Checkout** displays a "Test mode" message. When a merchant account is in Demo mode, **Blackbaud Checkout** displays a "Demo-mode" message.

Enhanced Credit Card Validation

Blackbaud Checkout now includes enhanced credit card validation. The number entered in **Card number** is validated in real-time. If a card number does not pass validation, **Card number** is outlined in red, an "Invalid card number" error message displays, and **Confirm and pay** is disabled.

Number Pad for Numeric Fields on Mobile Devices

To facilitate field entry, **Blackbaud Checkout** now opens a number pad for all numeric fields when accessed on a mobile device. Updated fields include:

- Card number
- Expiry
- CSC
- Account number
- Routing number
- Check number
